

## **Trader Information for stands at the Glossop Car Show Sunday 21<sup>st</sup> August 2022**

Dear Trader,

As you have asked for a trade stand space at the above show this is to confirm the terms and conditions for the show.

Your booking is for a space only with a single space for a single vehicle unless you have booked multiple spaces. Each space costs £25 which should be paid upfront via our website [www.gvec.club](http://www.gvec.club).

We do not supply tables etc. You must bring your own tables, chairs and gazebos.

We ask that you do not run a tombola as GVEC are running one on the day.

If you are selling food then we must see both your hygiene certificates, gas certificate (if applicable) and public liability insurance at least three weeks before the show with confirmation they apply on the day of the show. **Failure to provide this information will result in us cancelling your space** as this is one of the conditions imposed on us as the show organiser by HPBC.

Stands should be setup by 10.00 and there are to be no vehicle movements in the park until 4.00. The park will be open from 7.30 for setup. Please use the park entrance in Manor Park Road.

The trader contact is Mike Radcliffe 07506 463621 or by e mail [gveclub@yahoo.com](mailto:gveclub@yahoo.com)

### **Sponsorship and advertising.**

Each trader can have their logo shown in the show program for free. Please send a jpg to the email below for it to be included.

The show program is printed A5 size and if you wish an advert included it is £50 full page and £25 half page. The covers and inside cover pages are already taken. Again please send your advert in jpg or pdf to the mail below. If you wish the advert to drive people to your stand with free samples, competitions etc then that's fine to be included.

You also have the opportunity to sponsor (and judge if you wish) a trophy for £25 or offer a prize for our tombola on the day.

We want you to get the most from the day and we thank you for supporting us.

Any sponsorship or advertising questions contact Steve on 07941278226 or by e mail [stevek100@yahoo.co.uk](mailto:stevek100@yahoo.co.uk)
